Shriram Kala Mahila Mahavidyalaya, Dhamangaon Rly, Dist. Amravati.

Affiliated to Sant Gadge Baba Amravati University, Amravati Maharashtra

Special Programs for Advanced Learners and Slow Learners

Our institution is situated in rural area, the students from the disadvantaged section of society; economically weaker sections etc. are admitted in the college. Consequently, the learning interest and pace of every student is different. Therefore, some are Slow learners and whereas some are learners advanced learners.. In such a situation, it is very important to identify the learners and plan accordingly to deliver student oriented teaching-learning.

In addition, additional programs like Group Discussion, Guest Lecturer Interaction with subject experts, etc are conducted to provide additional support to them. Apart from this, the slow learners are given additional study material and encourage them to solve previous examination papers of university. The faculty members encourage the advance learners to take participation in different activities like Cultural Programs, Elocution, and Debate, Quiz competition, etc. to provide righteous platform to develop the skills and abilities of advance learners.

Process for identifying slow learners

At the entry level, the students were assessed on the basis of their performance in preceding examination, interest in chosen current subject, involvement in classroom teaching-learning, and learning pace of students. After the identification of the learners, some department prepares a schedule the students know details of remedial classes through notices. Then, the remedial classes are conducted regularly for the identified slow learners, as per the schedule. During these classes, additional study materials are also arranged by the faculty for the students to bridge the knowledge gap and enable them to cope with the academic course to which they are enrolled. In addition, the departments organize different activity like Group Discussions, Study Tours, Guest lecturers, industrial visit along with interactions with the subject experts, etc.

Initiatives taken by the faculties for slow learners

1. Tutorials, Group Discussions, Interactions and remedial coaching.
2. Concept clarification and problem solving exercises.
3. Bilingual explanations and discussions.
4. Provision for simplified but standard lecture notes/course material.
5. Revision of topics and practical.
6. Enhancement of communication LSRW skill.

For the advanced learners, the college makes due efforts by providing them adequate platforms.

Special Programs for Advanced Learners and Slow Learners

Academic Year 2019-20

Various departments organise special programs for the students. Both the advanced and slow learners students participated in the programs where the advanced learners were in the forefront and the slow learners assisted them.

Department of Political Science organised seminar for the students
